

Happiness Spirituality and Leadership of Upstate Christian Academy

My name is Dean Kitsos; I've been a member of the Greenville Seventh Day Adventist church since 1983. I've seen many changes in our church, and church school. Several years ago I decided to step out in faith using my computer skills to assist Greenville SDA Church School now Upstate Christian Academy with their computer needs. I work for a large public school system around children each day. This made it very easy to work with the staff and children of Upstate Christian Academy.

In the last 2 years the one thing that has caught my attention was the leadership of the school. I was able to see the character of God in the staff, especially with David and Dily Pasos. They express a loving and caring spirit for each child of Upstate Christian Academy. I've see their loving and caring attitude at work in both the church and school. I believe in my heart that the entire staff was placed there by God. I believe each staff member has special talents and gifts from the Lord. I see the talents of the staff used to make sure each child is going in the direction of the Lord.

I'm only at the school when there is a computer problem. The time I spend working on the computers I can see and feel a Christ like atmosphere in the school. This definitely makes the work more enjoyable.

May God continue to bless the school, staff, and children of Upstate Christian Academy.

Sincerely,

A handwritten signature in black ink that reads "Dean Kitsos". The signature is written in a cursive style with a long, sweeping tail on the "s".

Dean G. Kitsos
